Commissioner for Patents

The reply filed on 11/27/02 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's election of Species II, allegedly referring to claims 1-23 are not proper. Claims 1-23 are referring to an implant having annular members that are coupled to define a central chamber and Figures 1J-1K does not disclose such chamber. Correction is required.
